Dear Luz,

I hope you are well! I wanted to introduce you to Yolanda Sanchez (415-972-3880), who is taking over Jackie Lane's duties as the Community Involvement Coordinator at this site. I hope you can connect.

Subject: Introducing BAAQMD Community Engagement Manager to EPA and Navy community contacts

Dear Luz,

It's nice to meet you by email. I look forward to meeting you in person too.

I also wanted to introduce you to Derek Robinson, the Navy's public contact. The Navy has hosted community meetings about this plan and has attended meetings of the Hunters Pt Shipyard Citizens Advisory Committee (CAC). The most recent Navy-hosted mtg was 10/3/2018. The Navy also presented at a CAC mtg 11/7/2018. Here is the Navy's webpage for this site, which has his contact

info: https://www.bracpmo.navy.mil/brac_bases/california/former_shipyard_hunters_point.html

This page also has links to recent fact sheets, posters, a video, etc. Derek can tell you more about the Navy's community involvement efforts.

I also wanted to introduce you to Jackie Lane, who is the EPA Community Involvement Coordinator for this site. I rely a lot on her tremendous wealth of knowledge of the community from decades of experience. Her number is 415-972-3236.

I hope you can connect.

Lily

Subject: FW: Hunters Pt Naval Shipyard plans for excavation in Parcel G

Dear Lily and Maeve,

I was looped in this e-mail string because I manage the Community Engagement Section at the Air District (David Ralston has moved to another Division).

I have a question about the upcoming excavation in Parcel G. Do you know if the Navy is planning to do community outreach about this? I'm sure residents in the area would like to know this will be taking place.

Thanks, and I hope we have a chance to meet in person soon,

Luz

Subject: Hunters Pt Naval Shipyard plans for excavation in Parcel G

Dear BAAQMD colleagues,

I wanted to make sure that you know that the Navy is planning to re-excavate trenches in Parcel G where previous radiological testing and cleanup had been done by Tetra Tech EC Inc. Because the previous results are questionable, the Navy is retesting that work. Here is the draft final workplan for this re-testing:

https://www.bracpmo.navy.mil/brac_bases/california/former_shipyard_hunters_point/reference_library.html

The section in the main text about air quality impacts during the excavation begins in section 8, starting on p. 124 of this pdf:

https://www.bracpmo.navy.mil/content/dam/bracpmo/california/former_naval_shipyard_hunters_point/pdfs/all_documents/environmental_documents/parcel_d1_d2_uc1_and_g/HPNS_201811_Draft_Final_Parcel_G_Work_Plan_Text_Tables_Figures.pdf

Attached for your convenience is the SOP.

The Navy has asked for comments from EPA, DTSC, and CDPH this wk, so we are working on those.

Dear Lily,

Thank you for introducing Maeve to us. I would like to introduce Joshua Abraham as the new Inspector for Hunters Point area. Joshua is a seasoned inspector and I am in the process of guiding him for the transition sometime next month.

Maeve, feel free to contact Joshua or myself if you need assistance from the District.

Regards,

Dick Hansen Rodriguez

Subject: Introducing John and Hansen to Maeve

Dear John and Hansen,

I wanted to introduce you by email to Maeve Clancy. She is another Cleanup Project Manager in John Chesnutt's section, and she comes from EPA Region 9 Air Division. She has agreed to be our contact person for any air issues that may come up on Hunters Point.

Maeve, John Marvin is the head of the BAAQMD Enforcement office, and Hansen is the air inspector assigned to Hunters Point.

I am moving to a new job in the Federal Facilities Branch. But I'll be nearby if any questions come up about Hunters Point.
